Villa

Property Price ( in € ):

€ 260,000

Location:

Pezzolo Valle Uzzone

Description:

Very beautiful stone house with cottage feel that can be considered extraordinary both for its panoramic location and for its natural context. The property includes 125,000 sqm of land, a major part of it as woodland, and, above the house, there are other buildings in ruin condition that offer a quite charming view. They are composed of a house on two floors and a hay barn. There is also another very beautiful building. The main house is completely restored divided into two floors with wide porches and a terrace. All the utilities are connected and LPG heating system. All buildings are built in stone.
